

COSMETOLOGY 30 COURSE OUTLINE

Welcome to Cosmetology 30! You have worked very hard to get to Cos 30! Way to go! Now we are going to teach you the advanced techniques and professional practices that will prepare you for a career in an ever growing industry! You will learn up to date techniques for skin, hair and implements. These courses will enable you to go out into the working world and apply what you have learned with confidence and creativity! Enjoy your courses!!

Please contact Zena Duguid at zena.duguid@eips.ca or 780-467-6463 if you have any questions or concerns.

- The courses listed below are those we will be covering over the semester. Each course is worth one credit and is a complete course with its own final exams and final mark. There is no cumulative exam at the end of the semester. Client service courses are additional, and the number and type of credits earned will be based on the available clientele, their needs, and your participation.
- Cosmetology courses are NOT independent learning. Because of the hands-on nature of much of the learning, we need to instruct directly and demonstrate closely before students are able to attempt a skill or procedure. Often, one-on-one assistance is necessary as a follow up to instruction; and always, observation of the learning process is needed for accurate assessment. Therefore, instruction and completion of courses are based on the class moving through the program as a whole. *Regular attendance is imperative to your success.*
